801-200-4361 | tatematley@gmail.com | [linkedin.com/in/tatematley](https://www.linkedin.com/in/tatematley)

Information Systems master's student and full-stack developer with experience building web and mobile applications, internal tools, and data-driven products. Skilled in translating user and business needs into intuitive technical solutions using React, Next.js, JavaScript, and cloud technologies.

EDUCATION

Master of Information Systems Management, Integrated Program Apr 2027 Bachelor of Science, Information Systems

Brigham Young University - Marriott School of Business *Provo, UT*

- GPA 3.85 | VP of the BYU Tech Club | Member - Association for Information Systems
- **Global Studies:** Explored 4th Industrial Revolution in global business (Fiji, Samoa, New Zealand, Australia, 2025); Ancient Near Eastern Studies, Arabic/Islamic & Jewish Civilization (Jerusalem, 2022); and sustainable food systems (Italy, 2022)

Other Studies

Brigham Young University Idaho - Mechanical Engineering (Jan 2022 - Apr 2022)

Rexburg, ID

Southern Virginia University - Business Management (Aug 2019 - May 2020)

Buena Vista, VA

TECHNICAL SKILLS

Development: Javascript, TypeScript, React, React Native, Next.js, Node.js, Python, C#, ASP.NET, HTML/CSS

Cloud & Data: AWS, Azure, SQL, PostgreSQL, SQL Server, MySQL

Product & Design: UI/UX Design, Figma, Jira, Git/GitHub, Brightspot CMS, Expo, AI-Assisted Development

EXPERIENCE

Founder / Developer Aug 2026 - Present

Sandbox - University Venture Program *Provo, UT*

- Co-founded a performance-horse marketplace through Sandbox, a year-long university entrepreneurship program, leading technical product development
- Conduct customer interviews and industry research with horse owners, buyers, and sellers to identify pain points and validate product requirements
- Build and iterate on the platform using AI-assisted development, translating customer insights into product features and technical requirements

Web Developer / Research Assistant

Apr 2026 - Present

Brigham Young University - Character of Christ Project *Provo, UT*

- Developed and launched a full-stack React web application on Azure, integrating AI-powered features to turn academic research on Christlike character into interactive assessments and personalized experiences
- Develop the React Native/Expo mobile application, translating the completed web experience, AI functionality, and curated datasets into a mobile-first product
- Built and curated the content data layer across 2,400+ scripture and General Conference records, applying a 25-virtue taxonomy and completing 874 data corrections to improve accuracy and consistency

Web Developer / Designer - Data Team

Aug 2025 - Present

BYU Marriott School of Business, Business Career Center *Provo, UT*

- Designed and rebuilt 5+ student-facing and employer-facing sites in Brightspot CMS, delivering cohesive, user-centered experiences that increased clarity and engagement
- Partner with Career Directors to restructure major-specific webpages, aligning site content with student needs and clarifying career pathways
- Troubleshoot and resolve recurring website and CMS issues for staff and students, maintaining reliable access to career resources

Technical Intern - People Team

May 2026 - Aug 2026

Entrata *Lehi, UT*

- Built and deployed a Facilities Ticket Dashboard using Next.js, Jira API, and AWS ECS, centralizing facilities ticket data into an internal reporting tool
- Developed a Recruiting Operations Dashboard for the Talent Acquisition team, surfacing recruiting metrics and operational data for internal stakeholders
- Implemented Okta SSO and automated deployment workflows using AWS, GitHub Actions, and OIDC to securely deploy internal applications

Volunteer Representative

Jun 2020 - Dec 2021

The Church of Jesus Christ of Latter-day Saints *Syracuse, NY*

- Created and managed Facebook and Instagram campaigns that increased engagement and contact rates by 40%, while training 200+ missionaries in digital proselyting and data-driven outreach strategies to sustain mission success during COVID
- Supervised 6–20 volunteers, coordinating trainings and leading community service initiatives to strengthen local outreach and impact

ACHIEVEMENTS & INTERESTS

-
- 2026 AIS SCLC Finalist - EY-sponsored AI Driven Talent Optimization; presented at James Madison University
 - I enjoy baking, playing pickleball, road biking, and exploring new places!
